

# EDUCATIONAL TECHNOLOGY (EDET)

The Masters of Arts in Educational Technology program is designed for educators interested in developing expertise in the effective use of various forms of educational technology in teaching and learning. The program can be completed fully online and offers professionals advanced knowledge in a broad range of educational technologies. In addition, students will learn how to integrate technology across the curriculum in face-to-face, hybrid and online settings. Individuals who teach in K-12 schools, colleges and universities, private industry and other instructional settings will find this program useful for increasing their overall effectiveness in the field of educational technology and their ability to utilize proven pedagogical practices.

## Admission Requirements & Application
