

THE CAMPUS

The UM-Dearborn campus was established in 1956 through a gift from the Ford Motor Company. The gift included approximately 196 acres of land, the Henry Ford Estate, and funds for the construction of four buildings totaling 226,770 gross square feet. The campus has grown considerably over the past 57 years and now includes the following facilities:

Building Name	Function
Administration Building	Offices, classrooms
Academic Support Center	
Campus Support Services	Offices, support services
College of Arts, Science & Letters	Offices, classrooms
Computer & Information Science	Offices, classrooms
Engineering Laboratory Building	Offices, classrooms, labs
Environmental Interpretive Center	
Fairlane Center North and South	Offices, classrooms, food services
Fair Lane Cottages	
Fair Lane Greenhouse	
Fair Lane Pony Barn	
Fair Lane Powerhouse / Visitor's Center	
Fieldhouse/Ice Arena / Wellness Center	Ice rink, recreation
Gabriel Richard Center	
Grounds Building	Vehicle storage, offices
Heinz Prechter Engineering Complex	Offices, labs
Henry Ford Estate	National Historic Landmark
Institute for Advanced Vehicle Systems	Offices, labs
Manufacturing Systems Engineering Laboratory	Labs, offices
Mardigian Library	Library, offices, classrooms, Alfred Berkowitz Gallery
Monteith Parking Structure	Parking, storage
Professional Education Center	Offices, classrooms, labs
Recreational & Organization Center	
Science Building / Computer Wing	Classrooms, labs, offices
Science Learning and Research Center	Classrooms, labs, offices
Social Sciences Building	Classrooms, labs, offices
University Center	Offices, food services, copy center, bookstore

The Mardigian Library offers a student-centered environment that fosters learning by providing access to authoritative sources of knowledge and information and by helping students learn critical information literacy skills and concepts. It gives faculty and students access to sources and knowledge via modern information technology, and our librarians teach students how to find their way in the ever-expanding universe of information and knowledge. The four-story Mardigian Library houses a 340,000-volume collection and provides web-based access to a multitude of research resources, including an online journal collection of 18,000 titles, 200 online research databases and over 9,000 online books and

approximately 1,200 student study stations. The facility also contains computer, audiovisual, and education laboratories, and a television studio. Librarians are accessible, either online or in person, to help students with their research needs.

The Alfred Berkowitz Gallery, located on the third floor of the Library, features changing exhibitions throughout the academic year. The gallery functions as a program laboratory, extending and supplementing other University programs, and as a showcase for exhibitions with broad public appeal.

Spaces for recreational, intramural, and varsity athletics, as well as health and physical education classes, are provided in the Fieldhouse/Ice Arena and attached Wellness Center.

The Administration Building, the University Center, and the Campus Support Services building currently house support services for the campus.

The Professional Education Center houses professional and continuing education programs.
