

# BUSINESS STUDIES AS A SECONDARY MAJOR

(not available to College of Business majors)

The Business Studies major combines foundational courses in business with the liberal arts. It is meant to complement a non-business student's program of study by offering primary business topics as well as the necessary analytical tools required for careers in management related fields. Students cannot pursue this major either on its own or in conjunction with a business major.

Prerequisites for all courses must be met. Students not enrolled in the College of Business BBA program cannot elect more than 30 credit hours in courses offered by the College of Business.
