

EARLY CHILDHOOD

The Bachelor of Arts in Early Childhood is paired with elementary teacher certification to qualify you to teach all subjects in grades K-5; with the option to become certified to teach early childhood upon meeting the endorsement requirements. Within the basic elementary education degree curriculum, it enables students to meet State requirements for a Michigan Elementary Standard Teaching Certificate and the Early Childhood Endorsement (ZS) as well as to gain special competencies in the area of early childhood. It prepares individuals for careers in childcare centers, working with young children and their families, birth through kindergarten, as well as in the elementary grades 1-5. The program includes a concentrated study of the young child in infant/toddler, preschool, and early school contexts with extensive opportunities for field experiences in a variety of settings.
